

SOULDIER

SOULDIER

Souldiers wraps metroidvania exploration, crunchy soulslike and precision platforming into one gorgeous pixelated package. Players take on the role of either scout, caster or archer, battling for freedom in Terragaya, a mystical land on the border between life and death.

Outwit cunning enemies, solve nefarious puzzles, upgrade your character, and explore every corner of a dazzling, intricate 16-bit world. Souldiers is a handcrafted retro epic for the ages.

Unleash the fury of your sword with the scout, summon the wrath of elements with the caster, or rain down arrows on your foes with the archer.

Slash, parry and dodge your way through an ever evolving roster of enemies, upgrading your skills and equipment to find a combat style that's perfect for you.

Discover a sprawling handcrafted landscape filled with treasures, tough-as-nails bosses and secrepathways.

Terragaya comes to life with vibrant world-class pixel art packed to the brim with details.

Solve environmental puzzles and leap from place to place using an ever-expanding moveset.
